Lasker pushed the attack vigorously, and after Steinitz had made a stop by playing Q. R., instead of K. R. to Q. square, Lasker apparently had everything his own way. He failed, however, to take the proper advantage, and allowed his opponent not only to escape, but to really get the best of the game. BLAND BILL FIGHT.

The tussie that has been going on over the Bland seigniorage bill has caused the President much mental worry, and the certainty that no matter what action he may take will bring down upon him a deal of harsh criticism, has tended no doubt to add to his discomfort. The talk about the Capitol is that if he vetoes the silver bill a more determined war will be waged in the Senate against the tariff bill, and this state of feeling Mr. Cleveliand has been fully advised of.

Representative Wise tried this morning to secure an appointment in the Government Printing-Office for a constituent, but he did not succeed.
